Career Objective

Motivated and detail-oriented B.Tech Computer Science and Engineering (Artificial Intelligence & Machine Learning) student with strong fundamentals in programming, data analysis, and web technologies. Seeking an internship to gain practical experience, enhance technical skills, and contribute to innovative, real-world projects.

Education

Alliance University – B.Tech in Computer Science & Engineering (AI & ML)

Expected Graduation: 2026 | Current GPA: 7.4 / 10

Sri Chaitanya junior college – Intermediate

Vignan e.m School – SSC

Technical Skills

Programming Languages	Python, C++, MATLAB
Web Technologies	HTML, CSS (Tailwind)
Data Tools	Power BI, Excel
Game/Simulation Tools	Unreal Engine
Core Skills	Data Visualization, Machine Learning, Web Design, Problem Solving

Academic & Personal Projects

1 Forecasting Future Water Requirements and Assessing Storage Capacities in Reservoirs

- Under Ministry of Jal Shakti guidelines (Smart India Hackathon)
- Analyzed historical water data to forecast future needs using Python and Power BI.
- Focused on sustainable water management and reservoir efficiency.

2 AR Furniture Shopping Website

- Developed a responsive furniture shopping platform using HTML, Tailwind CSS, and JavaScript.
- Created smooth animations and a user-friendly interface for modern web experience.

3 Portfolio Website

- Designed and developed a personal portfolio showcasing education, skills, and projects.
- Used responsive web design techniques for compatibility across devices.

4 Data Visualization Dashboard (Power BI)

- Built an interactive dashboard to visualize sales and customer data.
- Processed and cleaned raw data using Excel for business insights.

Certifications

- Introduction to Data Analytics – Coursera
- Machine learning – NPTEL

Achievements & Activities

- Participated in college-level programming and analytics workshops.
- Collaborated with peers on academic projects involving data analytics and visualization.

Interests

Artificial Intelligence, Data Analytics, Web Development, Game Design, Sustainable Tech
